

UPPER MANISTEE RIVER

NATURAL RIVER PLAN

Michigan Department of Natural Resources

Fisheries Division

September 12, 2003

ACKNOWLEDGEMENTS

The Upper Manistee Citizens Advisory Group spent nearly three years in monthly meetings helping the DNR develop this draft Natural River Plan for the Upper Manistee River system. DNR would like to thank all the group members for the time and effort they put into this planning process. Following is a list of citizens who were active members of an Upper Manistee River Citizens Advisory Group at some time during the planning process (**bold type** indicates an active member at the time of the most recent Advisory Group meeting). It should be noted that not all Advisory Group members agreed with all of the recommendations in this plan.
